

ANIMAL RIGHTS ACTIVISTS TO PROTEST AT BRONCO RESEARCH SERVICES DEMANDING END TO CRUEL BEAGLE TESTING AND RELEASE OF LABORATORY DOGS

Fort Collins, CO-July 15, 2026

Local animal welfare advocates and concerned citizens will gather at Bronco Research Facility on July 15 at _____ to demand an immediate end to the inhuman medical testing on beagles and the release of the dogs housed at the facility.

Recent national victories include the shutdown of Ridgman Farms breeding facility in Wisconsin. Colorado does not need research on beagles. We are now focusing on Bronco Research Services. This facility in Fort Collins received two Critical USDA Animal Welfare Act Violations this year, including one involving dogs. We are calling on Bronco Research Facility to end medical testing, release the dogs to no-kill rescues, and transition to animal-free testing methods.

WHAT: Peaceful Protest Demanding Release of Laboratory Beagles

WHEN: Wednesday, July 15, 2026 from _____ to _____.

WHERE: Address of the facility

WHO: Local Animal Rescue Advocates
